## Automobile Tires--Hand Made.

UR tires are guaranteed for 5,000, 6,000 and 7,500 miles. They needn't be, for it doesn't do you any particular good. Save in the rarest instances, it brings you nothing. Cases when Kelly-Springfield tires fail to yield their guaranteed mileage are nearly as scarce as hen's teeth. But the buying public expects a guarantee when it buys

Kelly-Springfield

a tire, and we're willing to concede that to its prejudices. Normally, Kelly-Springfield tires yield 8,000 to 10,000 miles-often 12,000 or more. Why shouldn't we be willing to guarantee 5,000 miles or more, if it makes anyone any happier.

If there were any doubt of them yielding 5,000 miles, we would only guarantee them for 4,000 miles, or even less. We are not selling guarantees, we are selling tire service. We don't want bickering over guarantees; we want satisfied customers only.

Once you buy a Kelly-Springfield tire, you keep right on using them. You forget about mileage, guarantees, or anything else but service That's why we are embarrassed by orders we cannot

supply; why our users are willing to order their tires before

they actually need them. We don't like to be in that position, and disappoint loyal customers, but you can't increase the production of handmade tires overnight. We never have made machine-made tires. We have

always built in mileage by hand. Of course, the tires cost more, but the service justifies the cost. Few users get a chance to try Kelly-Springfield tires until they have tried other tires, for we cannot afford to meet price competition to equip cars at the factory, unless the car manufacturer can afford to pay our price.

KELLY-SPRINGFIELD TIRE CO. LUNDLEE BROTHERS, -- Exclusive Agents Tonopak, Nevada Telephone 64
